Director's present were Ryan Landrum, President, Shawn Badger, Vice President and Sandra Smith, Secretary Treasurer. Also present was Todd Angle, General Manager.

Profit and Loss Statement for February 2025 vs February 2024

Sandra motioned to approve the Treasurer's Report, the Balance Sheet and the P & L YTD Comparison and P & L Current Month reports for January 2025 and February 2025. Ryan seconded the motion.

## **I. REPORT FROM GENERAL MANAGER:**

Todd reported on the following:

### **a. Update on District Business and Projects:**

- Well 3: The well is very close to completion. The tie-in was completed, the stretch on the bowls will be set and final adjustments will be made to finish the repairs.
- Port Locks: Todd demonstrated a temporary port lock that was devised as an option for properties that continuously take water without being scheduled. Details and legality issues will be explored before implementing this or any type of solution.
- Meeting: Todd and Shawn Badger will attend a meeting this week with Daniel Herder, our Attorney and with Daniel Pritchard of KR Saline regarding solar and power projects.

## **II. BUSINESS FOR THE BOARD OF DIRECTORS: DISCUSSION AND POSSIBLE ACTION ON THE FOLLOWING:**

- a. Cell Phone Tower Contract: A contract was received and sent to the attorneys for review. We are waiting for an edited contract from the attorneys. Todd will sign the contract when final edits are complete.
- b. Grants: George Cairo Engineering wrote a grant application on behalf of the District. The application is now in the review process. The Board approved the Resolution for the grant.
- c. Arianna Court: A test run for the weekend schedule for Well #5 that put the Arianna Court section first on schedule was made on March 22-23, 2025. The office has not yet received any feedback from the Arianna Court group. The probable solution will be to alternate the groups on the weekend run so the rotations take turns for overnight irrigations. Due to power load issues, adding a separate weekday run is not a likely option.
- d. Easement Abandonment: A lot being developed on Chandler Heights is requesting a 10' easement abandonment. George Cairo Engineering is working on permits and plans. The district will also request plans and review the layout in order to ensure access remains available to valves before allowing the request.
- e. Solar Power: A letter of intent is being requested to move forward on the project. Todd will discuss this at the meeting he will be attending this week. The Board has given Todd permission to sign.

## **III. ADJOURNMENT:**

With nothing else brought before the Board at this time Ryan Landrum motioned to adjourn the meeting. The motion was seconded by Shawn Badger. The meeting adjourned at 7:03 P.M. and the Board of Directors went into an executive session.
